

## **THE HISTORY OF KATHERINE JOHNSON**

**Katherine Johnson is a woman who saved Nasa.**

**She worked very hard, to accomplish everything she has done.**

**She is an amazing math mathematician.**

**She even did the calculations for the launch and landing for Nasa's experiment, for a man to orbit the earth.**

**Katherine  
Johnson**

---

**Skipped at least 2  
grades**

---

**She was the  
smartest in her  
grade**

---

**She went to West  
Virginia University**

---

**She spent 7 years  
as a teacher, then  
got promoted to  
be a computer at  
Nasa, and finally  
got promoted  
again to work in a  
big room, and  
calculate the  
launch and  
landing of Nasa**
